
ANZSPED Endocrine Nursing Professional Development Award

RATIONALE

To encourage and assist the professional development of nurses working in Paediatric Endocrinology.

ACKNOWLEDGEMENT

This is an ANZSPED (previously APEG) funded award, initiated in 2011 in recognition of the work of the late Jenny Nairn (1959-2010). Jenny was an active APEG member and started working in 1991 as the first endocrinology nurse in the Department of Endocrinology at the Women's and Children's Hospital in Adelaide.

BACKGROUND

Paediatric Endocrine nursing requires expertise in the area of Paediatrics and Endocrinology.

Opportunities for nurses to advance their own expertise and professional development are limited in Australia, as there are no specific endocrine courses run by any of the state or national nursing bodies in this subspecialty area.

Recipients of this grant may choose to include, (but are not limited to) attendance at a national or international medical or nursing endocrine meeting, (eg American Paediatric Endocrine Nurses (PENS) meeting), or may use the grant to further their own education in other ways.

There are now a number of online modules and courses available (mostly from the UK) or you may like to visit other centres within Australia to expand your own experience/expertise.

If you would like to explore these opportunities further, or speak with a previous grant recipient, please contact the Secretariat for information.

THE AWARD

The award is an amount up to but not exceeding \$10,000 (AUD).

DATE DUE FOR APPLICATION

Monday 1 June 2026

SUGGESTED OPPORTUNITIES (BUT NOT LIMITED TO):

- Travel grant to attend a recognised course.
 - Contribute funding towards Nurse Practitioner training.
 - Professional development: including, but not limited to attendance at a major international meeting or visit to internationally recognised paediatric endocrine centre(s).
 - Presentation of a poster/ other clinical research would be considered favourably but not mandatory at the next ANZSPED ASM.
-

APPLICANT REQUIREMENTS

- A member of ANZSPED.
 - Permanent Resident or Citizen of Australia or New Zealand.
 - A Registered nurse currently practicing in Australia or New Zealand
-

- D) The applicants have a significant percentage of their Fulltime/Part-time practice in Paediatric Endocrinology (not diabetes), have demonstrated a commitment to Paediatric Endocrine nurse training and have been in that role for a minimum of 12 months.
- E) A recommendation from Head of Department, (only 1 applicant per institution).
- F) The applicant needs to be committed (where possible) to continue in the subspecialty area for at least a further 2 years if awarded the grant.

HOW TO APPLY

A 2-page A4 application + attachments listing the following is required by the award deadline, **no application will be accepted after this date**. Send by email to the ANZSPED secretariat at secretariat@anzsped.org.

- A) Application (2 page limit): Proposal for Award, including background on applicant's intent and training, proposed research/study/etc, and itemised budget
- B) A recent CV
- C) A letter of recommendation from the Head of Department

ASSESSMENT OF GRANT

Applications will be assessed by members of ANZSPED council, an ENSA representative and an independent ANZSPED member.

AWARDING OF GRANT

The grant will be announced and awarded at the ANZSPED ASM and formally recognised at the dinner. Applicants are expected to register for the ASM & attend the dinner.

OTHER

- A report needs to be provided to the ANZSPED Secretariat by the 30 June each year for inclusion in the ANZSPED Annual Report, until such time that the funding and relevant activity is completed
- Once awarded, no individual can be re-awarded the grant.

ACKNOWLEDGEMENTS

These guidelines were initiated by Bin Moore and developed in consultation with Paediatric nurses Maree Grant and Irene Mitchelhill and finalised by APEG council (Feb 2011). Last reviewed March 2020.

WITH THANKS TO OUR SPONSORS
